VOLUME XIII • NUMBERS 1-4  
WINTER 1971 — AUTUMN 1971

EXPLANATORY NOTE: This index covers the thirteenth year of HORIZON, published quarterly by American Heritage Publishing Co., Inc., as a periodical in book form — i.e., in hard covers and without advertising.

In this index, references to illustrations have been combined with the general entries and are indicated in boldface type. Each article is indexed by author, title, subject, person, and place name. All illustrations are indexed by artist, title, and subject.

Additional copies of the annual indexes are available at \$1 each. Five-year cumulative indexes, covering the issues from September, 1958, through November, 1963, and from Winter, 1964, through Autumn, 1968, are also available at \$3 each. Indexes may be ordered from the American Heritage Catalogue Department, P.O. Box 1776, Marion, Ohio 43302.

From September, 1958, through November, 1963, HORIZON was published bimonthly (Volume V includes eight issues); beginning with the Winter issue of 1964, it became a quarterly. Since the issue of May, 1961, HORIZON has been indexed in the *Readers' Guide to Periodical Literature*.
